guidance sessions

"JET has maximised opportunities for their customers and those of the whole partnership."

*Jill Simpson, Newcastle Futures,
Strategic Partnership Manager*

JET Teaches Naseem a few tricks

"Hello my name is Naseem Bashir, I have three children I am originally from Pakistan and came to the UK in 1996. Since coming to the UK I have not worked but I am very happy to say I have just secured a job as a Classroom Assistant at Westgate Hill Primary School, thanks to all the help I have received from **JET over the past 3 years**".

"Whilst I was with JET I completed several of their courses, which has helped to improve my English, build my confidence and given me many skills which have helped me to achieve this success. Meeting employers helped as I could ask them questions, and the one to one support given to me by my Personal Advisor, Paulina has given me the confidence not only to apply for jobs but travel around Newcastle City, which I had not done before and become part of my community more effectively. Overall I have more confidence and feel I have more experience. JET support helped me a lot in every areas of my life. **Thank you very much us**".

"JET remain exemplary members of the partnership performing to or above targets in all areas"

*Hazel Lapidaki, Newcastle Futures,
Partnership Performance Manager*

"The JET Team has made an outstanding contribution to Careers Advice Plus, the regional ESF enhanced IAG programme" *Marie Brett, Adult Services Manager, Connexions Hub Service*

Success for Mahsa

"My name is Mahsa Salali, I came to JET for help with searching and getting into work. I am now working for MA Brothers (customer service) my main duties that I perform here are, helping

customers, cashier work, tidying and stocking shelves. This is a job I really enjoy so it **makes it better"**.

"I previously worked as a voluntary teacher assistant for ESOL classes to get experience on my CV".

"JET helped me by getting one to one support including helping me with my CV and then accompanying me around the local employers where I talked with them and left a copy of my CV. I can't thank Dobir enough and with the help to gain confidence to talk to employers".

BIG THANK YOU TO NEXUS

We would also like to extend a special thank you to Nexus, who have once again supported us with free travel passes for the clients journeys to Sunderland, and with continued partnership work through their Positive Action Programme as well as taking part in our Employer Events and interview practice sessions with our clients.

Many of the clients had not travelled around the region to such far away places as Sunderland, and most of them said they felt much more confident using public transport after today and would be returning with their children later in the year.

NEXUS

Sunderland Museum & Winter Gardens Visit

Earlier this month JET held a special Celebration event for our learners in conjunction with Tyne & Wear Museums Refugees and Asylum Seekers project which is part of the Tyne & Wear Archives & Museums Outreach programme.

The main aims of the project are to: support the needs of refugees and asylum seekers by building bridges between communities and museums; to research and develop appropriate activities to support community cohesion and integration of communities; to develop learning resources appropriate to both refugees and British participants; and to share best practice with other cultural professionals and agency workers.

30 learners attended the event, along with some of their children and JET staff. A tour of the museum, using specifically developed ESOL packs, as well as treasure chest searches and a fabulous lunch made for a fantastic day out.

Well done to all our learners, including those who could not attend on the day!!
